PowerPC Winners

Doing our bit to push the Amige on to its PowerPC future, we set e chellenge to ell non-commerciel coders to send us their letest creations, with the promise of five PowerUP cords donated by phese 5 for the winning entrents.

Pert of the deel is that the winners take their original 680x0 progrems and develop them for PowerPC. We had a good response with a very wide range of entries from which we've now picked the winners, each of which will soon be in receipt of one of those Joseph Powerl ID eccelerators.
